Fellow's Name

This summer, I will participate in a research program at Northwestern University. The program will give me an opportunity to advance my Mellon research as I work with an esteemed faculty member, Dr. J. Johnson, in the English department. The junior summer research stipend will help to offset some of the expenses related to room and board.

I will also spend time conducting interviews for my research. I will use a portion of my stipend to purchase a digital voice recorder that will assist the interviewing process.

I will also spend time furthering my literature review. The purchase of books related to my research topic will be very helpful. I will also use a portion of my stipend to help offset costs related travel to potential graduate schools. I have been in communication with my mentor regarding my summer plans, and I will continue to communicate with her/him throughout the summer. Please find an itemized budget below.

Item	Cost
Summer living expenses at Northwestern	\$1,050
Books and Materials related to research	\$600
USB Voice Recorder	\$150
Travel, hotel stays and car rental to NYU and UC Berkeley	\$2,100
TOTAL	\$3,900
